## Needle Felting Workshop with Virginia Murphy

on

Saturday 9<sup>th</sup> February from 10.00 - 12.30pm

at

Stoneleigh Village Hall, Committee Room

Needle felting is a process using a barbed needle to mat the woollen fibres onto a piece of felt instead of using soapy water and rolling wool to create a piece of felt (as used in wet felting). Once felting is completed you will be able to hand or machine embroider on top to further enhance the design. You may not have time to complete your design during the session but will be well on your way to creating a beautiful piece of art. There

will be a machine embroidery demonstration at the end of the session using dropped feed dogs.

You will need to bring:

- any pictures that inspire you
- Needles and embroidery threads (just in case you need to/have time to embellish your design).
